

FREE COMMUNITY SERVICE PROJECT AIM !

Project AIM (Alcohol Impairment Measure)

- We assist you in training your staff in the identification of potentially impaired drivers.
- We assist you in identifying fraudulent use of ID's.
- We assist you in identifying civil liability of servers and bar/vendor owners.
- We provide overall education of the laws and regulations related to the service of alcoholic beverages to customers and underage consumption.
- We will teach you appropriate intervention strategies for dealing with intoxicated guests so you can defuse potentially dangerous situations before they escalate, while still providing great customer service.
- We will help you to understand what our state's Dram Shop Law is and what that means to you.
- Meets all State of Florida requirements under the Responsible Vendor qualifications (FSS 561.705).
- Course certification for your liquor liability insurance.

All this in 1 hour or less at your location and your convenience!

Call us today to schedule your FREE training session.
